

## COVID19 – 90% of Photonics manufacturers continue production

Initial analysis of the first 200 responses to the PLG's survey of the impact of coronavirus measures on photonics and acoustics industries shows 85% of photonics and acoustics manufacturing organisations have been able to continue production, with half of these organisation reporting only a minor impact on capacity.

Find out more at <https://photonicsuk.org/85-of-photonics-and-acoustics-manufacturers-continuing-production>.

To support the **photonics companies in your constituency** whose international reputation for solutions to global challenges means many export over 80% of what they manufacture in the UK, please engage with the APPG via Carol Monaghan, MP, and/or contact [appg@photonicsuk.org](mailto:appg@photonicsuk.org)

**"Photonics"**: Photonics includes the sciences, techniques and products that generate, transmit, process and capture light of all types.

SPIE Europe Ltd is the Secretariat for the  
APPG on Photonics
