

## Over 98% of Scotland's photonic output is exported outside Scotland with around 75% exported beyond the UK.

As a result of discussions with Scottish Government, and in particular, Minister for Trade, Investment and Innovation, Ivan McKee, Photonics Scotland has released a baseline survey of its members on behalf of Scottish Government and its enterprise agencies in order to provide an up to date view of the Scottish Photonics sector.

Find out more at <https://photonicscotland.com/2020/05/key-findings-from-photonics-scotlands-baseline-survey-of-the-scottish-photonics-sector/>

To support the **photonics companies in your constituency** whose international reputation for solutions to global challenges means many export over 80% of what they manufacture in the UK, please engage with the APPG via Carol Monaghan, MP, and/or contact [appg@photonicsuk.org](mailto:appg@photonicsuk.org)

**"Photonics"**: Photonics includes the sciences, techniques and products that generate, transmit, process and capture light of all types.

SPIE Europe Ltd is the Secretariat for the  
APPG on Photonics
